

IOMEGA® STORCENTER™ PRO ix4-100 NAS Server

COMPACT DESKTOP NAS SERVER FOR SMALL BUSINESSES
AND REMOTE OFFICES

- » Easy to use and manage – set up in just four mouse clicks!
- » Robust data management – powered by enterprise-class EMC® LifeLine™ software
- » Reliable – advanced RAID technology and UPS support offer the highest performance and protection
- » Cross-platform functionality – supports PC, Mac® and Linux® clients and is VMware® certified
- » Feature rich – offers hot-swap hard disk drives, print sharing, and USB-attached HDD expansion
- » Award-winning data protection – stores and backs up your critical data with EMC Retrospect® backup software

STORCENTER PRO ix4-100

POWERFUL, AFFORDABLE NETWORK ATTACHED STORAGE
SUPPORTING PC, MAC AND LINUX CLIENTS

FLEXIBLE

The StorCenter Pro ix4-100, available in 2TB and 4TB capacities, provides cross-platform support in a compact desktop form factor.

SECURE

The StorCenter Pro ix4-100 offers integrated data protection through RAID technology (RAID 5, 10) and UPS support. Add an additional layer of protection for all your critical data with award-winning EMC Retrospect backup software.

ROBUST

Powered by enterprise-class EMC LifeLine™ software, the StorCenter Pro ix4-100 is the first in its class to be VMware certified. It also supports hot-swap hard drives, print sharing, and USB-attached HDD expansion.

SIMPLE

Set up in just four mouse clicks, the StorCenter Pro ix4-100 easily integrates with your existing infrastructure to provide expanded storage, file sharing and backup for all your critical data.

HIGHLY EFFECTIVE DATA STORAGE, SHARING AND PROTECTION

The Iomega® StorCenter™ Pro ix4-100 NAS Server offers easy-to-use, powerful and affordable network storage for any small business or remote office. Based on enterprise-class EMC® storage technology, the StorCenter Pro ix4-100 provides fast data throughput; easy file sharing; and RAID 5, RAID 10, or JBOD configurations; and UPS support for additional data protection. It includes an easy-to-use interface with robust features, including print server, media server, Windows® Active Directory support, IP security camera support, and Bluetooth® upload options. It is available in 2 and 4TB capacities.

FEATURES & BENEFITS

- » **Sharing:** Access files from any networked Windows PC, Linux® workstation or Mac® for easy file sharing, data backup and print serving.
- » **RAID Support:** RAID 5 (pre-configured), RAID 10, and JBOD with automatic RAID rebuild.
- » **High Performance:** Gigabit Ethernet connectivity combined with a high performance embedded architecture.
- » **Virtual Environment Support:** VMware certified for NFS on ESX Server 3.
- » **Windows Active Directory Support:** Functions as a client member in an Active Directory domain allowing the Iomega StorCenter ix4 Network Storage to utilize the domain users and groups.
- » **UPS Support:** Enables unattended system shutdown without data loss in the case of power failure; support for virtually all USB Uninterruptible Power Supplies.
- » **Expandability:** Add storage capacity by connecting external USB Hard Disk Drives. The ix4 supports read and write on Fat32, NTFS or ext2/ext3 formatted hard disks, and read only on external HFS+ formatted drives.
- » **Alerts:** Email and SNMP monitoring.
- » **System Dashboard:** Provides a “one-stop-shop” for status information on space utilization, device, peripheral, and backup status.
- » **Video Surveillance:** Connect to network security cameras, including Axis®. Captures and stores video without the need of a dedicated PC.
- » **Print Server:** Intelligent print sharing capability for up to 4 USB printers directly connected to the ix4.
- » **UPnP AV Media Server:** Compatible with DLNA certified media players, able to stream photos, audio content and videos to a variety of media devices like game consoles (Xbox 360, Playstation 3), audio bridges, iTunes™ players, picture frames, etc.
- » **Bluetooth® Upload:** Upload contacts, photos, and more from a cell phone, pocket PC or Blackberry® phone (Bluetooth USB adapter required, sold separately)
- » **Picture Transfer Protocol (PTP):** No touch, automatic transfer of photos from digital cameras via the USB port.
